## OBJECTIVE

Aspiring Front-End Developer eager to contribute React expertise to build engaging, scalable web applications. Passionate about crafting intuitive interfaces, optimizing performance, and continuously improving the user experience.

## SUMMARY

Creative and results-driven Front-End Developer skilled in designing responsive, high-performance interfaces using React, TypeScript, and Next.js. Experienced with Node.js, Express, and MySQL, and passionate about translating ideas into clean, efficient code. Currently pursuing a B.S. in Computer Science at WGU, with a strong foundation in modern JavaScript frameworks and UI/UX principles.

## TECHNICAL SKILLS

**Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3

**Frameworks & Libraries:** React, Next.js, React Native, Bootstrap, Tailwind CSS, Material UI

**Back-End:** Node.js, Express.js, MySQL

**Tools:** Git, GitHub, VS Code, Figma, Postman

**Soft Skills:** Team Collaboration, UI/UX Thinking, Agile Development, Adaptability

**Languages:** English (Fluent), Portuguese (Native), Spanish (Professional)

## PROJECTS

### [Fast Fuel](#) | [GitHub Repo](#)

Tech: TypeScript, React, Material UI, React Bootstrap, LocalStorage

- Built a responsive food-ordering web app with dynamic product filtering, a persistent shopping cart, and a clean UI.
- Styled components using a custom orange-and-cream Fast Fuel theme with Material UI and React Bootstrap Carousel.
- Enhanced usability and performance through efficient state management and client-side routing.

### [HypeRadar](#) | [GitHub Repo](#)

Tech: JavaScript, HTML, CSS, Bulma, Chart.js, YouTube API

- Built a YouTube analytics dashboard using pure JavaScript to visualize real-time data trends with Chart.js.
- Designed a responsive interface with Bulma CSS for clean layout and mobile adaptability.
- Integrated the YouTube API to fetch and display dynamic video insights interactively.

## EDUCATION

Western Governors University (WGU) – B.S. in Computer Science (Expected June 2027)

## CERTIFICATES

- Full Stack Web Development – UC Berkeley Extension (2023)
- Google AI Essentials – Completed online certification in foundational generative AI concepts and applications (Nov 2025)
